Panel Mounting Adaptor Plates

...for mounting a single panel jack in a round knock-out hole

\$2 each

Mounting plate used with OMEGA® type JP decorator styled, color-coded panel jacks adapts them for mounting as single-circuit jack in control panel or instrument case. Simplifies mounting, and holds the connector in place tightly. Covers 33.3 mm (1.31") diameter knock-out hole. All adaptor plates are made of 0.76 mm (0.030") nickel-plated steel. Price includes all screws and mounting hardware.
